

SNARL 1

A snarl to waterfront property owners who use the beach to dump their garden refuse, sometimes including plastic pots. Sure, it will wash away in winter storms, but in the meantime, why spoil the view of a lovely home? You wouldn't do it if the beach were a street.

---

SNARL 2

A snarl to property owners who put up NO TRESPASSING signs on beach accesses. It's theft of public property.
